

Feedback:

- The structure of the ppt is clear and easy to understand. The icons are reasonable and clearly demonstrate how the elo-rating scores were calculated.
- The plots are straightforward and clearly visualize the correlation for each comparison group.

(These are the feedbacks we got in today's class after we quickly presented our ppt. Since none of the group members showed up on the day we did the presentation, we disagreed with what they wrote after we reviewed the feedback they submitted on the canvas. Some of the feedback is not related to our topics.)
